INSPECTION REQUEST

All issued permits require an inspection(s) or the permit remains open. There are many phases of required inspections that must be performed depending on your project. If you are unsure of what inspections are required, please call the Building Division. All permits require a final inspection to officially close out and satisfy the permit.

To schedule an inspection for a permitted project please call (850) 654-1119, prompt 1.

Please provide the following information when requesting inspection:

- 1) Permit holder's business name
- 2) Name of caller
- 3) Permit number
- 4) Type of inspection your requesting
- 5) Access codes (if applicable)
- 6) Number to call for access (if applicable)

All qualified inspection requests received during regular business hours will be scheduled the following business day.

Contractor(s), please ensure that homeowner(s)/project owner are aware of any scheduled inspections, so they are not caught off guard by the presence of a city inspector showing up.

Typical Required Inspections, in no certain order:

• Foundation/Footings/	• Erosion control
• Slab (prior to concrete)	• Roof Sheathing nail off
• Framing	• Roof underlayment/flashing
• Wall sheathing nail off	• Roof Covering - Final
• Brick Ties	• Sewer – prior to earth coverage
• Window Attachment	• Insulation
• Underground Plumbing/electric	• Early Power
• Rough in – Plumb, Elect, Gas, Mech – ducts, line sets, etc.	• Final – Building, Plumbing, Electrical, Mechanical, Gas.
• Temp electrical poles	• Permit Final Inspection not identified
