THE FINAL CERTIFICATE OF OCCUPANCY WILL NOT BE ISSUED UNTIL THIS FORM AND THE FINAL SITE INSPECTION HAS BEEN APPROVED

Final Construction Site Inspection Certification/Final Site Inspection Request Form

Project Name: _____ Permit No.: _____

Street Address: _____

Final Construction Site Inspection: The site design professional (Architect or Engineer) is required to ensure the site is built in accordance with the approved plans and is meeting all minimum code requirements as required (City, NFWFMD, FDEP, ACOE, ADA, etc.). ***Before the final site inspection can be requested the property corners shall be survey located and staked in-place for this inspection to take place.*** By submitting this form, the design professional is ensuring that the site is ready for City staff to perform a final site inspection, including stormwater facilities and right-of-way frontage.

This is not required if the project received a one-time stormwater exemption or at the discretion of the Community Development Director, or designee.

This form requires two business days in advance for a Planning/Engineering inspection ***request***. Site inspections are performed on Tuesdays and Thursdays.

The following shall be completed by a licensed design professional and submitted to schedule a final site inspection. (NOTE: No changes shall be made to this section.)

I hereby certify the site or portion thereof has been built in accordance with the above referenced design certified plans (signed and sealed on _____) and has been designed in accordance with the City of Destin's Land Development Code.

I hereby certify that the site is ready for a final site inspection by City staff.
