**ZONING
 DISTRICT
 FACTSHEET**

The purpose and intent of establishing zoning districts is to ensure that all development is consistent with the goals, objectives and policies of the Comprehensive Plan, by establishing a series of zoning districts that indicate what uses are allowed and site development regulations that control the use of land in each district. All development within each zoning district shall be consistent with the purposes stated for each district. (LDC 7.12.05)

**CONSERVATION
 (CON)**

Purpose and intent: The Conservation zoning district is intended to apply only to publicly owned property designated as natural and coastal resources with the intent of providing for the long-term protection and preservation of environmentally sensitive natural resource systems. No development is permitted within CON designated areas, other than beach accessways, such as dune walkovers, parking, docks, restroom facilities, and passive recreation. It is the intent of the CON zoning district to specifically not allow permanent or seasonal residential uses.
