ZONING DISTRICT FACTSHEET

The purpose and intent of establishing zoning districts is to ensure that all development is consistent with the goals, objectives and policies of the Comprehensive Plan, by establishing a series of zoning districts that indicate what uses are allowed and site development regulations that control the use of land in each district. All development within each zoning district shall be consistent with the purposes stated for each district. (LDC 7.12.05)

CRYSTAL BEACH NEIGHBORHOOD (CBN)

Purpose and intent: The Crystal Beach Neighborhood zoning district shall apply to areas developed, redeveloped and/or maintained and conserved as permanent or seasonal single-family detached or multi-family attached residential dwelling units. Very limited supportive non-residential uses are allowed and are strictly limited to: places of worship, parks, playgrounds, community buildings and similar public service facilities serving the residents of the area, childcare centers and other ancillary neighborhood commercial uses which are approved as part of a planned unit development (PUD) for the exclusive use of the residents of the PUD. It is the intent of the CBN zoning district to specifically not allow the following uses to be located in the district: commercial hotels, motels, bed and breakfast establishments, or other commercial transient living accommodations.
