

ZONING DISTRICT FACTSHEET

The purpose and intent of establishing zoning districts is to ensure that all development is consistent with the goals, objectives and policies of the Comprehensive Plan, by establishing a series of zoning districts that indicate what uses are allowed and site development regulations that control the use of land in each district. All development within each zoning district shall be consistent with the purposes stated for each district. (LDC 7.12.05)

COMMERCIAL LIMITED (CL)

Purpose and intent: The Commercial Limited zoning district is intended to accommodate a mixture of short-term and long-term residential and commercial uses of a lesser intensity than is allowed in the various mixed use zoning districts. Seasonal and permanent single-family detached residential dwellings and seasonal and permanent multi-family attached residential dwellings are allowed. Small-scale community commercial uses such as medical related facilities, commercial hotels, motels, bed and breakfast establishments, other commercial transient living accommodations, offices, retail uses and ancillary recreation uses, including golf courses are allowed. Properties zoned CL may accommodate shopping centers with grocery stores, drug store/pharmacy, specialty shops, and similar tenants with no single business entity having more than 60,000 sq. ft. Such sites shall not include trades, warehousing, and large home improvement establishments. The nature and scale of uses allowed on properties designated "CL" shall provide a smooth transition between the more intense "CG" designated properties and adjacent residential development.
