ZONING DISTRICT FACTSHEET

The purpose and intent of establishing zoning districts is to ensure that all development is consistent with the goals, objectives and policies of the Comprehensive Plan, by establishing a series of zoning districts that indicate what uses are allowed and site development regulations that control the use of land in each district. All development within each zoning district shall be consistent with the purposes stated for each district. (LDC 7.12.05)

RESIDENTIAL, OFFICE & INSTITUTIONAL – TOURIST DEVELOPMENT (ROI-TD)

Purpose and intent: The Residential, Office, and Institutional - Tourist Development zoning district shall apply to areas developed, redeveloped and/or maintained and conserved as areas that accommodate: business and professional offices; seasonal single-family detached or multi-family attached residential dwelling units; institutional uses; and commercial hotel, motel, bed and breakfast establishments and other commercial transient living accommodations. General retail sales and services are allowed but must be integrated in a planned unit development designed to support the surrounding residential neighborhoods. ROI-TD zoning district shall only be allowed on subject properties that abut or are located south of Harbor Boulevard/Emerald Coast Parkway as delineated on the zoning map. It is the intent of the ROI - TD zoning district to specifically not allow the following uses to be located in the district: permanent single-family detached or multi-family attached residential dwelling units; and all non-residential uses not previously listed above.
