

ZONING FACTSHEET

The purpose and intent of establishing zoning districts is to ensure that all development is consistent with the goals, objectives, and policies of the Comprehensive Plan, by establishing a series of zoning districts that indicate what uses are allowed and site development regulations that control the use of land in each district. All development within each zoning district shall be consistent with the purposes stated for each district. (LDC 7.12.05)

General retail sales and services are allowed but must be integrated in a planned unit development designed to support the surrounding residential neighborhoods.
